

Mark Glenn **Hair Saviours**

Based over two floors in Mayfair's fashionable Mount Street, the Mark Glenn hair salon sits proudly across from the likes of Marc Jacobs. Specialising in hair extensions for those who want long, thick hair as well as those who suffer from hair loss and need to get their confidence back with some gorgeous hair, Mark Glenn has become an expert in its field. After booking in for a colour consultation, hand-made fibre hair is custom-blended to match your own and two people work on integrating them in to your existing hair, not using any chemicals or glue. Those with serious hair loss can book in to use the "Kinsey System", a semi-permanent hair integration technique. Prices from £395 for thickening and £495 for length. See www.markglenn.com or call 0207 495 6969 for more information.
